"I highly recommend Pam Matlock and others in her firm. They were very professional in this aggressive market. She helped us decide on a good price for the 25 acres and then when time came to list it we had 5 offers the first or second day. She was there when I called or texted. She helped us wade through all the city regulations and procedures when we decided to break it up for a better sale. Whatever was needed from pricing, to inspections, to final sale, she was there to guide us through it successfully." - Nancy Hoke - Lucas Texas
